

Change the name of a thermostat

GoSafer Security Knowledge Base

This operational reference is organized for GoSafer Security customers and staff. Alarm.com product names are retained where required for technical accuracy.

Overview

Naming thermostats can help manage systems with multiple thermostats.

Platform	App + Web
Content type	How-to / Configuration
Source last updated	2025-06-04

Procedure

To change the name of a thermostat using the Alarm.com app

1. Log in to the Alarm.com app.
2. Tap [Menu].
3. Tap Manage Devices.

In Thermostats tap [More Options] next to the thermostat.

1. Tap [Edit].

2. Enter the desired name for the device.
3. Tap Ok.

To change the name of a thermostat using the GoSafer Security customer portal (powered by Alarm.com)

1. Log in to the GoSafer Security customer portal (powered by Alarm.com).

In the Thermostat card, click [Details].

In the card for the desired thermostat to be changed, click [Settings].

In the Device Name field, enter the new name for the thermostat.

1. Click [Close] to save.
