Procedure

To create/edit a Thermostat Fan schedule using the Alarm.com app

1. Log in to the Alarm.com app.
2. Tap Thermostats.
3. Tap [Fan Control].
4. Tap the desired duration that you would like the fan to run.

5. Tap Select.

To create/edit a Thermostat Fan schedule using the GoSafer Security customer portal (powered by Alarm.com)

1. Log in to the GoSafer Security customer portal (powered by Alarm.com).
2. Click Automation.
3. Click Schedules.

In Fan Schedules, click Configure to create a new Fan Schedule.

To edit an existing Fan Schedule, click [Edit].

In Turn fan ON during the selected periods, click to select the days of the week that the Fan Schedule will apply to.

Using the dropdown menus next to each day, select the specific time duration the fan will run.

If desired, click to select Apply to all thermostats to have all thermostats follow the Fan Schedule.

1. Click Save.
