

Download or upload Green Button data

GoSafer Security Knowledge Base

This operational reference is organized for GoSafer Security customers and staff. Alarm.com product names are retained where required for technical accuracy.

Overview

Green Button is an industry-led effort that responds to a White House call-to-action to provide consumers with easy-to-understand data about their household energy usage.

Procedure

To download Green Button data

1. Log in to the GoSafer Security customer portal (powered by Alarm.com).
2. Click Activity.
3. Click Energy Usage.
4. Click Settings & Billing Information.
5. Click to expand Green Button Data.
6. Click Download your Green Button data from your electricity provider.

Note: This link redirects to your electricity provider's website. For more information about downloading Green Button data, contact your electricity provider.

To upload Green Button data

1. Log in to the GoSafer Security customer portal (powered by Alarm.com).
2. Click Activity.
3. Click Energy Usage.
4. Click Settings & Billing Information.
5. Click Green Button Data.
6. Click Choose File to select the desired file.
7. Click Upload.

Note: To set a monthly reminder to upload Green Button data, select Every Month from the dropdown menu and then click Save.
