

How can the language of notifications be changed?

GoSafer Security Knowledge Base

This operational reference is organized for GoSafer Security customers and staff. Alarm.com product names are retained where required for technical accuracy.

Overview

If there is a preferred language that notifications would like to be received in, this can be changed on either the Alarm.com app or GoSafer Security customer portal (powered by Alarm.com). To do so for all notifications, you will need to utilize both.
