Procedure

Step-by-step guide: Screenshots and videos are placed with the instruction they illustrate.

Find the mobile app version

The mobile app version can be found on Android and iOS devices.

For more information about the device and version compatibility, see [Which devices can the Alarm.com app work with?](#).

To find the mobile app version on an Android device:

1. Log in to the Alarm.com app.
2. Tap **Menu**.
3. Tap **What's New**.

In the following image, the app version is 4.3.1.

To find the mobile app version on an iOS device:

1. Log in to the Alarm.com app.
2. Tap **Menu**.
3. Tap **About**.

In the following image, the app version is 4.3.0.
