

Remotely change DSC iotega panel settings

GoSafer Security Knowledge Base

This operational reference is organized for GoSafer Security customers and staff. Alarm.com product names are retained where required for technical accuracy.

Overview

Change some of your panel settings using the app including beeps, and chimes.

Platform	Mobile App
Content type	How-to / Configuration
Source last updated	2025-06-04

Procedure

Step-by-step guide: Screenshots and videos are placed with the instruction they illustrate.

Compatible panel settings can be changed using the Alarm.com app.

Note: If these options are not available, contact your service provider for more information.

To change panel settings:

1. Log in to the Alarm.com app.
2. Tap **Security System**.
3. Tap **Settings**.
4. Tap the setting to be configured.
5. Tap the desired value.
6. Tap **Save**.

Compatible panel settings:

Setting name	Setting options	Description
Sound Settings	Chime on Zone Opening	Enable/Disable if the chime sounds each time an appropriately configured zone is opened.
Sound Settings	Chime on Zone Closing	Enable/Disable if the chime sounds each time an appropriately configured zone is closed.
Sound Settings	Panel Internal Siren	Enable/Disable the panel siren on the unit.
Sound Settings	Internal Buzzer	Enable/Disable the internal buzzer.
Sound Settings	Partition Chime	Enable/Disable the partition chime. Download only setting.
