

Update electricity provider settings

GoSafer Security Knowledge Base

This operational reference is organized for GoSafer Security customers and staff. Alarm.com product names are retained where required for technical accuracy.

Overview

Based on the information you entered in the Electricity Provider Settings section about your electricity provider, rate plan and billing period, combined with the energy consumption data reported by ...

Platform	Customer Website
Content type	How-to / Configuration
Source last updated	2025-06-04

Procedure

To update electricity provider settings

1. Log in to the GoSafer Security customer portal (powered by Alarm.com).
2. Click Activity.
3. Click Energy Usage.
4. Click Settings & Bill Information.
5. Click Electricity Provider Settings.

Using the Electricity Provider dropdown menu, select your electricity provider.

Using the Service Package dropdown menu, select your service package.

In Most Recent Bill, enter the Last Date on Bill and Approximate Bill Amount.

1. Click Save.
